

Box – Leader in Content Collaboration

Accelerate your organization's mobile solutions and offerings with Softchoice

Deploy a simple content storage and collaboration solution by using iPad® and Box. Together, iPad and Box provide secure mobile access to files in a collaborative environment.

With iPad and Box:

- Your sales team will create and centrally manage RFP and contracts securely.
- Your marketing team, external agencies, vendors and partners will work together seamlessly on rich media files.
- Your IT department will be able to concentrate on custom iOS app development.

Introducing Box's Mobile Accelerator Program

Until December 31st, 2014, Softchoice clients can take advantage of a special 90-day Enterprise Box trial. If you have purchased iPads from us in the past, you may be eligible for this special offer. You'll receive the following:

Learn

- Evaluate your organization's mobile content requirements.
- Develop a mobile content strategy.

Explore

- A 90 day trial of Box Enterprise for each iPad user (\$35/month per user).

Build

- Technical consultation with the Box platform team.
- Assistance with app development.

Box Enterprise comes with comprehensive content security and management features including password enforcement, restrict offline access, custom branding, compliance email archives, custom admin roles and security reporting.
