

Microsoft Office 365 Explorer

A Guided Exploration of Microsoft Cloud Productivity

Cloud has become a common boardroom conversation related to productivity tools like Office 365. Big expectations are landing on IT's desk, and most departments are unclear on how to manage the transition and reap the rewards. However, all clients are in a different place in their evaluation and preparation for Office 365.

Softchoice designed the Microsoft Office Explorer for clients who select Softchoice as their Online Service Advisor, to begin realizing the value of Office 365 benefits without having to commit to wholesale changes in infrastructure or their IT service eco-system. The Softchoice Office 365 Explorer allows clients to tap into simpler benefits and features that are being asked for by their users such as online filesharing via OneDrive, accessing applications for iPads and allowing for mobile and home use.

"91% of Softchoice clients noted an increase in team knowledge vs. alternative approaches after engaging with Softchoice."
