

Softchoice Converged Infrastructure TechCheck

Painting the Infrastructure Picture

Multiple vendors, legacy technology, and demands for a richer end-user experience make planning the future of your environment a daunting task.

Softchoice's **Converged Infrastructure TechCheck** is ideal for clients who want to understand the components of their current infrastructure to better plan for the move to a converged infrastructure. The Softchoice Converged Infrastructure TechCheck prepares clients to take the transformational journey from legacy silos of technology to the converged infrastructure by arming clients with a fact-based portrait of the current state environment and helps plot the way forward.

Discovery

- Using an agent-less data collection tool to gather an end-to-end view of the existing infrastructure across the technology silos

Analysis

- Softchoice technical experts evaluate findings and consolidate the broad data to identify potential barriers
- Set actionable insights that are validated with a client findings and recommendations session
- Delivers a comprehensive view of server and storage interactions

Converged Infrastructure Workshop and Analysis Report

- Review business demands and current issues
- Review risks and remediation through guided data review and recommendations
- Provide a structured review of the Converged Infrastructure TechCheck and evaluate options with a Softchoice Converged Infrastructure subject matter expert
- Discuss next steps related to the journey in achieving a converged infrastructure

Who should be Involved?

Softchoice recommends clients assemble a cross functional IT team with a senior IT leader sponsor that provides alignment to the issues, business drivers and guides prioritization.

To arrange for a Converged Infrastructure TechCheck, contact your Softchoice Account Manager or techcheck@softchoice.com to set up an appointment.

Client Outcomes

"Softchoice delivers high-quality services that enable the business to operate smoothly."

- IT Director, Large Enterprise Health Care Company
