

## THE OEM ALTERNATIVE FOR NETAPP HARDWARE WARRANTY SUPPORT

AMS offers hardware support and maintenance for all your data center server, networking and storage equipment. Our robust third-party maintenance covers full life cycle, End-of-Life and End-of-Service-Life. With best-in-class, US-based support and flexible service levels, you can lower IT costs while maintaining uptime.

Let Axiom help you extend the life of your NetApp equipment. Our outstanding Technical Assistance Center and certified technicians allow you to keep your business running seamlessly.

### Features and Benefits:

- Certified technicians and Technical Assistance Centers (TAC) to support all major OEM brands
- Flexible SLA's designed for each client's unique needs
- Significant cost savings compared to OEM warranty contracts
- Extended life of IT investments with uptime and consistent support
- Centralized hub to manage all IT service contracts and assets through Cover3IT™
- US-based service desk that offers 24x7x365 nationwide support with rapid response and resolution
- Data center maintenance management for End-of-Life and End-of-Service-Life
