

1 EXPERIENCE THE POWER OF ONE

ONE Conversation.
ONE P.O.
ONE Solution

Now that's simplified connectivity!

For years, C2G has been the face of cable technology and innovation. We have crafted our expertise in the industry to simplify connectivity for any and all cabling needs. Now as part of Legrand, we are able to expand our knowledge and expertise in order to grow our product categories. C2G is now offering an assortment of racks and cabinets to simplify connectivity within the data center.

Racks

The rack offering from C2G will provide a solution for a secure and organized data center. C2G's rack offering will allow storage of servers, network and telecommunication equipment in a durable, and adjustable open-frame rack. All racks from C2G are made in the USA and are TAA compliant.

2-Post and 4-Post Racks Features:

- Maximizes ambient cooling environment
- All equipment is easily accessible
- Standard EIA-310 compliant hole pattern
- Industry standard side mounting holes
- Roll formed mounting holes for all RU increments
- Ships unassembled for ease of delivery and storage
- Assembles quickly and easily
- 750 lbs. load rating for 2-Post Rack and 1000 lbs. load rating for 4-Post Rack
