

CUSTOM KITTING

Custom Connectivity Made Easy

Are you facing a daunting project that involves a lot of products?

Consolidate all the components you need into a single box, bag or sku. All you need to do is:

Order

Open

Install

We'll take care of the rest.

Why custom kitting?

- Stage your job faster, finish your job sooner
- Individual product packaging can be removed during kitting process, which means less waste for you
- Each kit is tailored to your specific job, with all the products you need
