AND

DEVELOP

EMPOWER YOUR MODERN WORKSTYLE

Versatile, reliable, and powerful, the HP Elite family of PCs is created for the demanding needs of business. Elegant, best-in-class design unites with forward-looking security, manageability, and collaboration capabilities. HP Elite PCs match the always-on, always-connected flow of life—business and personal.

From the world’s smallest business convertible PC,1 to the world’s first ultraslim business notebook with NVIDIA® GTX 1050 graphics2 each member of the HP Elite family offers outstanding performance and innovative features to inspire and enhance your day.

Welcome to the HP Elite family.

---

1. HP Elite x2 1013 G2. Based on competitors as of April 2018 of convertible, non-detachables with Windows OS and 8th gen Intel® vPro™ processors. Smallest based on volume.
Everybody is living one life today. No matter what generation you belong to, your consumer and your commercial lives are blending together. So our products and services need to reflect that.

DION WEISLER, President and Chief Executive Officer, HP Inc.
ICONIC, INNOVATIVE, PERFECTLY BALANCED

Just because something is powerful does not mean it cannot be beautiful. HP Elite PCs are designed to stand out proudly from the crowd with sleek, diamond-cut finishes, casing materials that look and perform amazingly, and smart innovations that make each device fun and easy to use. Performance and style—the HP Elite family delivers the best of both worlds.
You can trust that your investment will give you optimum performance and style its entire life. To withstand the rigors of an increasingly mobile workforce, every HP Elite PC is tested for more than 120,000 hours as part of the HP Total Test Process and are designed to pass MIL-STD-810G tests.  

1. MIL-STD-810G testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.
A PC DECISION IS A SECURITY DECISION.

HP Elite products have world-class security features built-in at every level. Security is anchored in the hardware and spans OS, applications, and even Web browsers—all to protect your devices, data, and identity from ever-evolving security threats.

HP Elite PCs help reduce concerns about malware or security breaches with features like HP Sure Start Gen4, which secures your PC at the BIOS level,1 Windows 10 Pro protection for business networks and resources,2 and hardware security features like fingerprint readers and smart cards that help block unwanted access to PCs. And with the HP Sure View Gen2, visual hackers can be blocked with the push of a button.3

---

1. HP Sure Start Gen4 is available on HP Elite and HP Pro 600 products equipped with 8th generation Intel® or AMD processors.

2. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software, or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See windows.com.

3. HP Sure View integrated privacy screen is an optional feature that must be configured at purchase, is designed to function in landscape orientation, and is available on select platforms.
With HP Device as a Service, you can improve device reliability and performance, increase user productivity, and reduce the workload for IT when HP puts its unified endpoint management expertise and actionable analytics to work for you.

With HP DaaS, you don't pay for more than you use. You can choose from simple plans and device and accessory selections and adjust them to meet your changing IT environment and workforce. Simply add device lifecycle services and refresh devices as needed with the convenience of a single price per device.

**SELF-DEFENDING DEVICES**

**HP Endpoint Security Controller**
Unique HP hardware creates a hardened root of trust for self-healing solutions like HP Sure Start.

**HP Sure Start Gen4**
Protects the firmware that antivirus can’t reach. Automatically recovers the BIOS from malware.

**HP Sure Recover**
Less downtime. Automatic and secure network-based OS recovery, even if malware wipes your drive.

**HP Sure Run**
Guards critical OS processes and restarts them if attacked by malware.

**IDENTITY AND DATA VIGILANCE**

**HP Multi-Factor Authenticate Gen2**
Password-only logins are a thing of the past. Secure your login with up to three factors, including hardened biometrics.

**HP Sure View Gen2**
Integrated privacy screen deters visual hacking with the touch of a button.

**HP Sure Click**
Keeps Web-based attacks locked inside an isolated browser tab. Now protects PDF files viewed in browser.

**SEAMLESS MANAGEABILITY**

**HP Manageability Integration Kit Gen2**
Certified Microsoft SCCM plug-in. Implement and enforce company security policies with ease.

---

1. HP Sure Start Gen4 is available on HP Elite and HP Pro 600 products equipped with 8th generation Intel® or AMD processors.
2. HP Sure Recover is available on HP Elite PCs with 8th generation Intel® or AMD processors and requires an open, wired network connection. Not available on platforms with multiple internal storage drives, Intel® Optane™. You must back up important files, data, photos, videos, etc. before use to avoid loss of data.
3. HP Sure Run is available on HP Elite products equipped with 8th generation Intel® or AMD processors.
4. HP Multi-Factor Authenticate Gen2 requires 7th or 8th generation Intel® Core™ processor, Intel® integrated graphics, and Intel® vPro™ processor. Requires integrated biometrics. Requires Microsoft System Center Configuration Manager is required for deployment. Three authentication factors requires an Intel® vPro™ processor.
5. HP Sure View integrated privacy screen is an optional feature that must be configured at purchase. It is designed to function in landscape orientation, and is available on select platforms.
6. HP Sure Click is available on select HP platforms and supports Microsoft Internet Explorer, Google Chrome, and Chromium. Supported attachments include Microsoft Office (Word, Excel, PowerPoint) and PDF files in read-only mode. Check http://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-0922ENW for all compatible platforms as they become available.
7. HP Manageability Integration Kit can be downloaded from hp.com/go/clientmanagement.
8. DaaS services are sold separately. Device support and DaaS plan components may vary by country. Please contact your local HP representative.
9. Health tracking and report types vary by device platform.
10. Fleet flexibility feature currently available with only a flex down option via HP DaaS Contractual Service directly from HP or an Approved Global System Integrator only. Flex up available in subsequent releases.
Connecting immediately to anyone is the new normal for the global business world. HP Elite PCs are optimized for collaboration. With one-touch connectivity, you can start your meeting with Skype for Business or Intel® Unite. Hear and be heard clearly with a full suite of innovative sound technologies. Delight in the experience of clear and vibrant sound with Audio by Bang & Olufsen and HP Noise Cancellation Software. Combined with large, vibrant Elite displays, every detail can be seen and shared.

**Exquisite Sound**
- Dual-array mics
- World-facing mic
- 360° speakers
- HP wireless headsets
- Up-facing full duplexing mics

**Rich Visual Experience**
- Large format 55” diagonal conferencing displays
- FHD, UHD resolution
- Touchscreen options

**Comfort and Usability**
- One-touch Skype
- Tilt, swivel, and height adjustment
- Full 360° notebook hinges

---

1. Skype for Business subscription required.
2. Some features are optional and available for separate purchase.
**HP Elite PCs**

**HP Elite PCs**

**HP UC Wireless Duo Headset**
With a wireless range of up to 100 feet from your workstation, the HP UC Wireless Duo Headset delivers premium stereo sound and noise-cancelling features in a design that’s comfortable enough to wear throughout the work day.

**Skype for Business**
Skype for Business allows users to efficiently call, connect, and collaborate with features like instant messaging, audio and video conferencing, screen sharing, and many more.

**HP Premium Collaboration Keyboard**
Integrated hotkeys help you manage calls and applications such as Skype for Business for a more collaborative conferencing experience.

**HP Noise Cancellation Software**
The latest generation of HP Noise Reduction Software keeps unwanted and distracting noise from interrupting your meeting. An ambient noise-eliminating mic automatically filters background noise so you can focus on what matters most.

**HP Thunderbolt™ Dock G2 Audio Module**
Take calls without a headset with the world’s first Thunderbolt™ dock with an audio conferencing solution.¹ ²

**HP UC Wireless Duo Headset**
With a wireless range of up to 100 feet from your workstation, the HP UC Wireless Duo Headset delivers premium stereo sound and noise-cancelling features in a design that’s comfortable enough to wear throughout the work day.

**Features vary by platform. May be optional and may require factory configuration or separate purchase.**

1. Skype for Business subscription is required.
2. Based on Thunderbolt™ docking devices that provide charging and port replication to a host notebook PC having integrated speakers, microphones, and conferencing control buttons as of January 2018. Requires optional HP Thunderbolt Dock Audio Module.
Premium PCs are tailored with capabilities and materials that go far above and beyond the standard. HP Elite PCs provide the ultimate balance of design, security, reliability, performance, and collaboration for a truly premium experience.
The latest HP EliteBooks are durable, light and thin, and have the multitasking capabilities to match. These devices are designed for the collaboration environments many offices demand and the intuitive security to combat outside threats in real time. And with distinctive, stylish form factors, they are always easy on the eye.

**HP ELITEBOOK 1000 SERIES**

**SECURITY AND STYLE FOR THE BUSINESS WORLD**

The latest HP EliteBooks are durable, light and thin, and have the multitasking capabilities to match. These devices are designed for the collaboration environments many offices demand and the intuitive security to combat outside threats in real time. And with distinctive, stylish form factors, they are always easy on the eye.

**HP ELITE SLICE AND HP ELITE SLICE FOR MEETING ROOMS G2**

**REIMAGINE THE DESKTOP EXPERIENCE**

HP Elite Slice and HP Elite Slice for Meeting Rooms G2 are like no desktops you have ever seen. A powerful PC wrapped in a beautiful modular body. Designed for the modern workforce, each compact, cable-less module adds functionality so you can slice into something new.¹

**HP ELITEONE 1000 ALL-IN-ONE G2**

**TRANSFORM YOUR WORK SPACE**

This all-in-one desktop PC is designed to boost productivity and transform your workspace. Immersive audio and video by Audio by Bang & Olufsen brings you closer with every interaction, while HP Noise Cancellation filters out distracting sounds.

¹ Accessory modules sold separately or as optional features. HP Wireless Display Module requires HDMI connection to display and USB for power; must be configured at the factory.
The EliteBook family is the ideal mobile business solution with defenses to match. No matter where the day takes you, work confidently while security features like HP Sure View Gen2 and HP Sure Click keep visual hackers and other threats at bay.\(^1,2\) And with form factors that pass twelve MIL-STD-810G tests, these EliteBooks are ready to perform.\(^3\)

1. HP Sure View integrated privacy screen is an optional feature that must be configured at purchase, is designed to function in landscape orientation, and is available on select platforms.
2. HP Sure Click is available on select HP platforms and supports Microsoft Internet Explorer, Google Chrome, and Chromium. Supported attachments include Microsoft Office (Word, Excel, PowerPoint) and PDF files; read-only mode. Check https://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-0922ENW for all compatible platforms as they become available.
3. MIL-STD-810G testing is not intended to demonstrate fitness of U.S. Department of Defense 5005 contract requirements or for military use. Test results are not a guarantee of future performance under threat test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.
**HP EliteBook 800 G5 and 705 G5 series**

The HP EliteBook 800 and 705 families are designed for mobility, durability, in-depth security, superb connectivity options, and collaborative functionality. From light and thin design to Skype for Business,¹ these notebooks are ready to work.

---

**HP Elite x2 1013 G3**

Win the day with full PC performance and unleash creativity with the freedom of a tablet. Powerful processors handle your professional apps while tablet mobility lets you keep working on the go. The Elite x2 1013 delivers on the promise of the 2-in-1 device.

---

¹ Skype for Business subscription required.
² Pen is sold separately.
The EliteOne family of desktops are the world’s most serviceable all-in-ones.¹ Stylish and thin design, as well as a radiant HD micro-edge bezel touchscreen, let the EliteOne blend seamlessly in any environment, while on the inside, HP Client Security Suite Gen3 adds hardware-enforced multi-factor authentication that’s difficult to hack.²

¹ Based on EliteOne 1000 G1 and G2 AiOs and HP’s internal analysis as of May 2018 of AiOs with self-serviceable hard drive, M.2 storage, webcam, and the ability to remove and service the display and PC individually.

² HP Client Security Suite Gen3 requires Windows and 7th or 8th generation Intel® or AMD processors.
**HP EliteDesk 800 G4 Series, powered by Intel® / 705 G3 series with AMD Ryzen™ PRO**

Maximize your workspace.

The HP EliteDesk 705 and 800 series are specifically engineered for the demands of large workloads and quick turnarounds. Both are configurable with integrated security solutions and security expansion options, and available as a desktop mini to fit to your workspace. The HP EliteDesk 705 is also available as a microtower.

**HP Elite Slice G1 / Slice for Meeting Rooms G2**

Built with the soul of a powerful PC inside a beautiful modular body, HP Elite Slice is like no desktop you’ve ever seen. Each compact, cable-less module adds functionality to transform into something new. For more collaborative spaces, HP Slice for Meeting Rooms let’s you simplify meetings with stress-free, wireless setup, an intuitive interface, and crisp audio with Skype Room System.1,2

---

1. HP Slice for Meetings includes HP Slice with Intel® Unite™ software, HP Collaboration Cover and HP Audio Module. Other modules are sold separately.
2. HP Wireless Display Module requires HDMI connection to display and USB for power must be configured at the factory.
Work and collaborate in style and comfort on an HP EliteDisplay that starts with extraordinary front-of-screen presentation and goes beyond it to complete and complement your HP Elite PC. Choose a standard display with four-way comfort adjustability and expansive connectivity, a curved display that will stop colleagues and customers in their tracks, a Certified for Skype for Business display designed for easy, efficient collaboration, or a display with an integrated wireless charging stand that charges your mobile devices on contact while you work.

From left to right: HP EliteDisplay S270n, HP EliteDisplay S240n 23.8" Micro Edge Display, HP EliteDisplay E243i 24" Monitor, HP EliteDisplay S14 Portable Monitor.
ELITE ACCESSORIES

Add more flexibility and capability to your HP Elite PCs with these optional Elite accessories.

HP USB-C™ Universal Dock offers universal compatibility and supports multi-generation HP notebooks and tablets, for fixed or shared workspaces.

HP Elite Thunderbolt™ 3 65W Dock adds another level of convenience to your workstation.

HP Thunderbolt™ Universal Dock G2 enables access to a wired network, data, video and charging with one cable connection. Supports both HP Thunderbolt™ and USB-C™ notebooks.1

HP Elite Presenter Mouse guides audiences through content and applications with stylish simplicity with the help of an integrated virtual laser and multiple mouse modes.

HP Executive Cases have high-class designs and trusted security features offering enhanced protection for HP notebooks, accessories, and other valuable items.

HP Desktop Mini Lock Box secures your PC.

HP IWC Stands achieve an all-in-one footprint.

HP Wireless Premium Mouse de-clutters your workspace with a fast-charging battery that can be conveniently recharged while you use the mouse.

HP Conferencing Keyboard, HP UC Wired Headset, and HP UC Speaker Phone enhance your desktop collaboration experience.

HP USB Premium Keyboard adds elegance to your workspace with an anodized aluminum trimming and ultra-quiet scissor keys.

HP Wireless Collaboration Keyboard lets you easily manage meetings with dedicated conferencing keys.

HP UC Wireless Mono and Duo Headsets add premium sound to your conference call.

1. Notebook must support USB-C™ power and video and must be designed to Thunderbolt™ and USB-C™ industry standards.

HP SureClick is available on selected HP platforms and supports Microsoft Internet Explorer, Google Chrome, and Chromium. Supported attachments include Microsoft Office Word, Excel, PowerPoint and PDF files in read-only mode. Check http://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-0922ENW for all compatible platforms as they become available. 16. HP SureView is available on HP EliteBook products equipped with 8th generation Intel® Core™ i5/i7 processors. 17. Microsoft Defender (vPro and Internet connection required for updates. 18. Windows 10 May 2019 Life time battery life is dependent on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and use. See the specifications for additional details.

---

1. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separate purchased hardware, drivers, software, or IBU update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See windows.com. 2. Uses Intel® Core™ processor; processor speed optional. Multi-core integrated graphics performance of certain software products. Not all customers see improved performance; benchmark may not represent typical user experience. Intel® Turbo Boost technology delivers greater performance and clock frequency up to 3.8GHz only during initial burst of workload. Performance may vary depending on application workload and your hardware and software configurations. Intel® Turbo Boost Max Technology 2.0 automatically increases core frequency up to 3.9GHz in single-core mode or 3.6GHz in dual-core mode. 3. Absolute agents are shipped turned off, and will be activated when customers activate a purchased subscription. Subscriptions can be purchased for terms ranging multiple years. Service is limited, check with Reseller for availability outside the U.S. The Absolute Recovery Guarantee is a limited warranty. Certain terms apply. For full details visit support.industryabsolutecomparagreement. Absolute DataSphere is optional service provided by Absolute Software; if disabled, the Recovery Guarantee is null and void. In order to use the DataSphere service, customers must first sign-up for the Assurance Agreement and either obtain an ABS license or purchase or Renew an ABS license from Absolute Software. 4. Microsoft Security Desktop is a required component for Windows 7 or 8th generation Intel® processors. 5. Requires 7th generation Intel® or AMD processors. 6. HP Sure Start Gen4 requires Windows 10; 8th generation Intel® or AMD processors. 7. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the network to communicate with other 802.11ac devices. 8. HP BioSphere Gen4 requires 7th or 8th generation Intel® processors. 9. Hexa-core Intel® Core™ processor; processor speed optional. 10. Hexa-core is designed to improve performance of certain software products. Not all customers see improved performance; benchmarks may not represent typical user experience. Intel® Turbo Boost technology delivers greater performance and clock frequency up to 3.8GHz only during initial burst of workloads. Performance may vary depending on application workload and your hardware and software configurations. Intel® Turbo Boost Max Technology 2.0 automatically increases core frequency up to 3.9GHz in single-core mode or 3.6GHz in dual-core mode. 11. Intel® Core™ i7 processor; Intel® Core™ i5 processor<sup>2</sup> 8th Generation Intel® Core™ i7 H-Series; 8th Generational Intel® Core™ i5 H-Series<sup>2</sup> 12. HP Sure Start Gen4 requires Windows 10; 8th generation Intel® or AMD processors. 13. Automatic DriveLock; HP Fingerprint Sensor; HP Password Manager; HP Secure Erase; HP Security Manager; HP Sure Click; HP Sure Recover; HP Sure Run; HP Sure Start Gen4; HP Wireless Wakeup; RAID configurations; Trusted Platform Manager TPM 2.0 embedded security chip shipped with Windows 10 (Common Criteria EAL4+ Certified). 14. HP BIOSphere Gen4 requires 7th or 8th generation Intel® processors. 15. 32-bit Operating Systems may require upgraded or additional microprocessors or other system component changes. 16. HP Sure Start Gen4 requires Windows 10; 8th generation Intel® or AMD processors. 17. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details. 18. Integration graphics depends on processor. NVIDIA® Optimus™ technology automatically switches between integrated and discrete graphics video and display features. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details. 19. The maximum capacity of the battery will naturally decrease with time and usage. Some limitations may apply. See bapco.com for additional details. 20. USB 3.1 Gen 1 only available on select HP platforms and supports Microsoft Internet Explorer, Chrome, Google Chrome, and Chromium. Supported attachments include Microsoft Office (Office, Excel, PowerPoint) and PDF files in read-only mode. 21. HP Sure Start Gen4 requires Windows 10; 8th generation Intel® or AMD processors. 22. HP BIOSphere Gen4 requires 7th or 8th generation Intel® processors. 23. HP Sure Start Gen4 requires Windows 10; 8th generation Intel® or AMD processors. 24. Embedded security chip shipped with Windows 10 (Common Criteria EAL4+ Certified). 25. HP Client Security Suite Gen4 requires Windows and 7th or 8th generation Intel® processors. 26. HP BIOSphere Gen3 requires 7th or 8th generation Intel® processors. 27. Microsoft Defender Opt-In and Internet connection required for updates 28. Battery life may vary depending on applications and other factors. 29. Acrobat Reader DC and Microsoft® Excel® 2016 with Spark account required. 30. HP BIOSphere Gen3 requires Windows and 7th or 8th generation Intel® or AMD processors. 31. HP BIOSphere Gen3 requires Windows and 7th or 8th generation Intel® processors.
### Operating system
- **Windows 10 Pro**
- **FreeDOS 2.0**

### Processor
- 8th Generation Intel® Core™ i5/i7 U-Series
- 7th Generation Intel® Core™ i5 U-Series

### Memory
- Up to 32GB

### Storage
- Up to 1TB SSD
- Up to 500GB SATA

### Display
- 13.3”, 14”, or 15.6” FHD IPS anti- glare LED-backlit (1920x1080) non-touch; UHD IPS anti-glare LED-backlit (3840 x 2160) non-touch (on only 14” and 15.6”)
- 13.3”, 14”, or 15.6” diagonal; FHD IPS anti-glare LED-backlit (1920x1080) non-touch with HP Sure View; FHD IPS LED-backlit touchscreen with Corning® Gorilla® Glass 3™ with HP Sure View (on only 13.3” and 14”)
- FHD IPS LED-backlit touchscreen with Corning® Gorilla® Glass 3™

### Graphics
- Integrated; Intel® HD Graphics 620; Intel® HD Graphics 620: (Discrete; AMD Radeon™ RX 540 2GB GDDR5 dedicated)
- Integrated; AMD Radeon™ Vega Graphics

### Audio
- Audio by Bang & Olufsen; HP Noise Cancellation Software; 3 microphones (2 front facing, 1 world facing)
- Audio by Bang & Olufsen; HP Noise Cancellation Software; 3 microphones (2 front facing, 1 world facing)

### Wireless
- Intel® Dual Band Wireless-AC B265 802.11a/b/g/n/ac (2x2) Wi-Fi® and Bluetooth® 4.2 Combo, non-vPro™
- Intel® Dual Band Wireless-AC B265 802.11a/b/g/n/ac (2x2) Wi-Fi® and Bluetooth® 4.2 Combo, vPro™

### Ports
- 1 Thunderbolt™ (USB Type-C™ connector); 2 USB 3.1 Gen 1 (1 charging); 1 HDMI 1.4b; 1 RJ-45; 1 docking connector; 1 headphone/microphone combo; 1 AC power (HDMI cable sold separately)
- 1 Thunderbolt™ (USB Type-C™ connector); 2 USB 3.1 Gen 1 (1 charging); 1 HDMI 1.4b; 1 RJ-45; 1 docking connector; 1 headphone/microphone combo; 1 AC power

### Camera
- HD camera; HD IR webcam
- HD camera; HD IR webcam

### Security features
- Absolute Persistence Module; HP BIOSphere Gen4; HP Device Access Manager; HP DriveLock and Automatic DriveLock; HP Fingerprint Sensor; HP Host Based MAC Address; HP Password Manager; HP Secure Erase; HP Security Manager; HP Sure Click; HP Sure Run; HP Sure Start Gen4; Measured Boot; Microsoft Security Defender; Power-on Authentication; Preboot authentication; Trusted Platform Manager TPM 2.0 embedded security chip shipped with Windows 10 (Common Criteria EAL4+ Certified)
- Absolute Persistence Module; HP BIOSphere Gen4; HP Clarity Security Gen4; HP Device Access Manager; HP DriveLock and Automatic DriveLock; HP Fingerprint Sensor; HP Password Manager; HP Secure Erase; HP Security Manager; HP Sure Click; HP Sure Recover; HP Sure Run; HP Sure Start Gen4; Trusted Platform Manager TPM 2.0 embedded security chip shipped with Windows 10 (Common Criteria EAL4+ Certified)

### Battery life
- Up to 14 hours and 15 minutes
- Up to 11 hours

### Expansion solutions
- 1 smart card reader; 1 external SIM
- 1 media card reader
## HP Elite Slice

### Operating system
- Windows 10 Pro

### Processor
- Intel® Core™ i3-6100T with Intel® HD Graphics 530
- Intel® Core™ i5-6400T with Intel® HD Graphics 530
- Intel® Core™ i7-6700T with Intel® HD Graphics 530

### Memory
- Up to 32GB max DDR4-2133

### Storage
- Up to 500GB 7200rpm HDD
- Up to 512GB SSD
- 128GB up to 256GB SATA SSD

### Collaboration buttons
- Call or Answer, Mute, Volume Up, Volume Down, Hang Up, End or Reject

### Optical drive
- HP ODD Module (optional)

### Graphics
- Intel® HD Graphics 530 with GT2 support, WIDI capable, DP1.2, HDMI, USB-C™ port, DirectX 3D

### Audio
- HP Audio Module (optional); Audio by Bang & Olufsen; 360° immersive sound

### Networking
- Wired Intel® i219LM GbE LOM; Wireless (optional and must be configured at purchase)

### External I/O ports
- 1 universal audio jack, 1 USB Type-C™ (USB 3.1 gen 1, 15W output), 1 USB Type-A (USB 3.1, charging), 1 USB Type-A (USB 3.1, 540550MB), 1 DisplayPort™, 1 HDMI, 1 RJ-45, 1 DC-in

### Internal I/O ports
- HP Slice Connector

### Security features
- HP BIOSphere with Sure Start with Dynamic Protection, HP DriveLock, HP BIOS Protection, HP Client Security (HP Security Manager including Credential Manager and Password Manager, HP DriveLock, HP Fingerprint Sensor, Absolute Persistence Module)

### Power supply
- 65W or 90W (optional and must be configured at purchase)

---

1. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software, or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See windows.com.  
2. Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of the technology. Performance and clock frequency will vary depending on application workload and hardware and software configurations. Intel’s numbering, branding and/or naming is not a measurement of higher performance.  
3. For systems configured with more than 3GB of memory and a 32-bit operating system, all memory may not be available due to system resource requirements. Addressing memory above 4GB (for Windows 10) of system data is reserved for the system recovery software.  
4. Optical drives are optional or add-on features. Duplication of copyrighted materials is strictly prohibited. Actual speeds may vary. Double-layer media compatibility will vary widely with some home/office players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB single-sided/5.2GB double-sided version 1.0 media.  
5. WIDI not supported on Intel® HD Graphics 530.  
6. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ac WLAN devices. All optional add-ons must be purchased with the HP Elite Slice G2.  
7. Absolute Persistence Module; HP Noise Cancellation Software; HP Notifications; HP Recovery Manager; HP Support Assistant; HP Velocity; HP Wireless Wakeup; HP Connection Optimizer; Microsoft Skype Room System (SRG) 13, 14

1. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. SPs fees may apply and additional requirements may apply over time for updates. See windows.com. 2. Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and speed may vary. Actual performance may vary by system and application. 3. For storage drives, 1GB = 1 billion bytes. 1TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30GB of system disk is reserved for system recovery software. 4. High-definition (HD) content is required to view HD images. Full HD (FHD) content is required to view FHD images. 5. Resolutions are dependent upon monitor capability, and resolution and color depth settings. 6. All performance specifications represent the typical specifications provided by HP’s component manufacturers; actual performance may vary either higher or lower. 7. The side headset connector supports CTIA style headsets and is not compatible with microphones. 8. Microphone and headphone jack. Rear audio input ports are not compatible with a noise-cancelling microphone connected to the front port. Rear audio input ports are not compatible with a noise-cancelling microphone connected to the rear jack. 9. HP BIOSphere Gen4 requires 8th generation Intel® or AMD processors. Features may vary depending on the platform and configurations. 10. HP Secure Boot conforms to the methods outlined in the National Institute of Standards and Technology Special Publication 800-88 “Clear” validation method. 11. Microsoft Defender Opt-In is applicable after first login; consent required. 12. TP-Link Security Tools is available on select HP platforms and supports Microsoft Internet Explorer, Google Chrome, and Chromium. Supported attachments include Microsoft Office, Word, Excel, PowerPoint and PDF files (read-only mode). Check http://www.hp.com/us/en/document.aspx?docname=1AA7-1922092 for all compatible platforms as they become available. 13. EPEAT® registered where applicable. EPEAT® registration varies by country. See epeat.net for registration status by country.

1. Not all features are available in all versions of Windows. Systems may require upgrade or other separately purchased hardware, drivers, software, or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. If you turn off updates, you may experience some features being disabled.2. This system is preinstalled with Windows 7 Professional software and also comes with a license and media for Windows 10 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data files, photos, etc. before uninstalling and reinstalling operating systems to avoid loss of your data.3. Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on applications, hardware and software configurations. Intel® Turbo Boost technology requires a system broadcaster and may require a motherboard, Intel® 6-series chipset, Intel® HD Graphics, Intel® Hyper-Threading Technology, and dynamic voltage and frequency scaling. Intel® Turbo Boost technology is available on supported Intel® Core™ i7, i5, i3 processor models. 4. For storage sizes, 1GB = 1 billion bytes. 1TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16GB (for Windows 7) and up to 36GB (for Windows 8.1 and 10) of system disk is reserved for system recovery software.5. High-definition (HD) content is required to view HD images. 6. HDMI cable sold separately or as an optional feature. Supports HDMI 2.0a features. 7. HP Display with Sure Start available only on business PCs with HP BIOS. 8. EPEAT registered where applicable. EPEAT registration varies by country. See epeat.net for registration status by country.
## HP EliteDesk

### ELITEDESK 705 G3 MT

**Operating system**
Windows 10 Pro 64-bit, Windows 7 Professional 64 (available through downgrade rights from Windows 10 Pro). FreeDOS

**Processor**
- AMD PRO A6-9500
- AMD PRO A6-9500E
- AMD PRO A10-9700
- AMD PRO A10-9700E
- AMD PRO A10-9700F
- AMD Ryzen 7 PRO 1200 Quad-Core
- AMD Ryzen 5 PRO 1500 Quad-Core

**Memory**
32GB DDR3L-1600 SDRAM
32GB DDR4-2400 SDRAM
64GB DDR4-2400 SDRAM

**Storage**
- 128GB up to 256GB SATA SSD; 128GB up to 512GB SATA SSD, 240GB up to 512GB SATA SSD; 500GB up to 1TB SATA 5400; 500GB (8GB cache) up to 1TB (8GB cache) SATA 5400; up to 500GB SATA SSD (7200rpm); up to 500GB SATA FRPS (5400 rpm); 500GB up to 2TB SATA (7200rpm); 256GB up to 512GB SATA TLC SSD

**Optical drive**
- Ultraslim DVD-RW, ultraslim DVD writer

**Graphics**
- NVIDIA GeForce GT 730
- NVIDIA Quadro NVS 310
- AMD Radeon R9 350 2GB

**Audio**
- DTS Studio Sound with Realtek ALC221
- Microphone and headphone front ports (3.5mm), line-out and line-in rear ports (3.5mm), internal mono speaker

**Ports**
- Front: 1 USB 2.0, 1 USB 2.0 (fast charging), 2 USB 3.1 Gen 1
- 1 headphone/microphone, 1 headphone connector
- Back: 2 USB 2.0, 4 USB 3.1 Gen 1, 1 serial, 2 PS/2 (keyboard & mouse, 1 VGA, 2 DisplayPort, 1 audio line in, 1 audio line out, 1 RJ-45, 1 second serial (optional), 1 parallel (optional), Internal: 3 SATA storage connectors

**Form factor**
Microtower

**Security features**
- Convert TPM to 2.0 (Standard on Windows 10); HP Solomon Lock and Hood (Microtower); HP Keyed Cable Lock 10mm Kit; HP Dual Head Keyed Cable Lock Kit 10
- Drive lock; hood sensor; HP Client Security Suite Gen 3; HP Credential Manager; HP Device Access Manager; HP Password Manager; HP Power On Authentication; HP Security Manager; HP Spare Key; power-on password (via BIOS); RAID configurations; serial enable/disable (via BIOS); setup password (via BIOS); support for chassis paddocks and cable lock devices; HP Trusted Platform Module TPM 2.0 Embedded Security Chip (SL59670 – Common Criteria EAL4+ Certified)

**Energy efficiency**
ENERGY STAR qualified configurations available
ENERGY STAR certified and EPEAT Gold registered configurations available

### ELITEDESK 705 G3 SFF

**Operating system**
Windows 10 Pro 64-bit, FreeDOS

**Processor**
AMPRO A10-9700, AMD PRO A12-9800; AMD PRO A6-9500; AMD PRO A6-9500E

**Memory**
- 32GB DDR3L-1600 SDRAM

**Storage**
- 128GB up to 256GB SATA SSD; 128GB up to 512GB SATA SSD; 240GB up to 512GB SATA SSD, 500GB up to 1TB SATA 5400; 500GB (8GB cache) up to 1TB (8GB cache) SATA 5400; up to 500GB SATA SSD (7200rpm); up to 500GB SATA FRPS (5400 rpm); 500GB up to 2TB SATA (7200rpm); 256GB up to 512GB SATA TLC SSD

**Optical drive**
- Slim SATA DVD-ROM, slim SATA DVD writer

**Graphics**
- NVIDIA GeForce GT 730; NVIDIA Quadro NVS 310
- 1GB (AMD Radeon HD 11)

**Audio**
- DTS Studio Sound with Realtek ALC221, microphone and headphone front ports (3.5mm), line-out and line-in rear ports (3.5mm), internal mono speaker

**Ports**
- Front: 1 USB 3.1 Gen 1; 1 USB 3.1 Gen 1 (charging); 1 headphone/microphone; 1 headphone connector
- Back: 2 USB 2.0, 2 USB 3.1 Gen 1; 1 VGA; 1 DisplayPort; 1 choice of 2nd DisplayPort or HDMI or serial; 1 RJ-45

**Form factor**
Desktop

**Security features**
- Convert TPM to 2.0 (Standard on Windows 10); HP Solomon Lock and Hood (Microtower); HP Keyed Cable Lock 10mm Kit; HP Dual Head Keyed Cable Lock Kit 10
- Drive lock; hood sensor; HP Client Security Suite Gen 3; HP Credential Manager; HP Device Access Manager; HP Password Manager; HP Power On Authentication; HP Security Manager; HP Spare Key; power-on password (via BIOS); RAID configurations; serial enable/disable (via BIOS); setup password (via BIOS); support for chassis paddocks and cable lock devices; HP Trusted Platform Module TPM 2.0 Embedded Security Chip (SL59670 – Common Criteria EAL4+ Certified)

**Energy efficiency**
ENERGY STAR certified and EPEAT Gold registered configurations available

### ELITEDESK 705 G3 DM

**Operating system**
Windows 10 Pro 64-bit, FreeDOS

**Processor**
- AMD PRO A10-9700; AMD PRO A12-9800; AMD PRO A6-9500; AMD PRO A6-9500E
